BIOGRAPHY

I joined Shepard Law after graduating from Suffolk University School of Law. During law school, I served as Lead Articles Editor for the Journal of Health and Biomedical Law. My experience in that area of the legal field motivated me to become involved in representing plaintiffs' rights. It is crucial for people faced with serious illness to know that they have an advocate to help them navigate the difficult road ahead, and I strive to do that for each of our clients.

**“ WE BELIEVE IN MAKING A DIFFERENCE FOR OUR CLIENTS,
OUR COMMUNITY, AND OUR PROFESSION. ”**
